About Our Event!

Infant massage soothes, supports sleep & digestion, and strengthens bonding through gentle, nurturing touch for you and your baby.

Infant massage is a gentle, nurturing practice that supports your baby's physical and emotional well-being. Through soothing touch, it can help improve sleep, ease digestion, relieve discomfort from gas or colic, and strengthen the bond between you and your baby.

Each session is calm, baby-led, and designed to help both parent and child feel more relaxed, connected, and confident. For more information, contact Courtney Cooper at courtney.cooper@kidscontrol.org.
